

Process

How the Cash Advance Application Process Works

Cash advances have been growing in popularity for the past decade, and if you're like most of us living in metropolitan areas there's a cash advance store on almost every corner. RT's Loans knows that it can be a little embarrassing to use one of these stores, which is why we have automated our form process and made it available to everyone who qualifies in one easy, online location. Getting a cash advance loan online is quick, easy, and (in many cases) even cheaper than doing it in person. Let's review what it will take to get a cash advance today:

- Submit your information online using the **Apply Now** form.
- We will review your application, after which you will receive approval.
- Your cash advance loan is wired to your account on the same day or the next available business day (if approved). We can even expedite the payment process instantly if you are willing to use your phone apps, such as **Google pay**, **Zell**, to receive payment or make payment back to RT'S Loans. Yes, this is how great we're and how fast we are..... 
- The loan amount plus the stated interest will be the total amount you owed and that will be deducted from your personal check that you wrote to RT'S LOANS from the beginning of the transaction period. RT'S LOANS will keep your posted check until your due date arrives, after that, the check will be deposited or cashed on the due date of your loans. Your check will be deposited immediately on the due date by RT's Loans, unless you contact us in advance that you are going to repay us back by using **Google pay** apps or Zelle. All payments must be paid in full.

This is how RT'S LOANS policy works.

Just think... you could have a cash advance for as much as **\$250.00** or more before your next payday.

RT's Loans is the #1 choice for cash advance loans. Let RT's Loans worry about your problems. You just sit and enjoy the ride. RT's Loans a trusted company.
